Dear Fellow Vintarinians,

The growing interest of many of us in renewing friendships and establishing new relationships have been manifested in the publication of the first edition of the VINTAR BOOK which was launched on December 27, 2003, during our Town Fiesta.

Many of us have left Vintar for far away places, but the ease of travel and power of communication have made the world smaller. The VINTAR BOOK has made us closer, since it enabled us to know more of each other, especially on how and where we are now.

Knowing your active interest in nurturing our relationships, the Saranay Ti Vintar will publish a second edition of the VINTAR BOOK. Many townmates who were not able to participate in the first edition, wish to take part in this new edition. We plan to launch this book again in our Town Fiesta in December 2004.

May we again solicit your participation by taking a page or two for your family. Some articles about Vintar, dealing with the past and the present, and how we envision Vintar in the future, are very much welcomed. A sample page is attached for your reference, together with the Participation Form. Each participating family will be entitled to one copy of the book. Deadline for submission is September 30, 2004.

We look forward to your positive response in making the second edition of the VINTAR BOOK a success. Vintar is truly **a treasure chest of memories, a magic place of dreams, and a part of us forever.**

Sincerely yours,

Ma. Fidelis B. Foronda - Labrador M.D.  
President
